

Good Morning,

The situation we are in is a fluid one and we would like to emphasise that the main intention of the organisers of the Sealink 57th Sabot Nationals and Darryl Beattie Sabot Week is to maximise as many races as possible.

It has been brought to our attention that the previous Notice to Competitors 3 may have given the impression that there would be only three races for Nationals and Sabot Week. This is not the case and was not our intention, please accept our apologies. Three races is the absolute minimum needed to constitute the Nationals. For Nationals and Sabot Week we will aim to run up to four races per day.

The pre-regatta will be of high quality and will also include some novelty races. Our intention is to have as much racing as possible in the compressed schedule.

Please note all notices will also be posted to the online Notice board which can be found via this link

[Sealink 57th Sabot Nationals - Townsville Sailing Club](#)

Briefing for the pre-race regatta will be done with zone managers which should be relayed back to their respective zones.

Main race briefing for Invitational, Nationals and Sabot week on Tuesday 6th will also be conducted with zone managers and available online.

Currently, the amended schedule is below:

Day	Date	Event	Time/First Warning signal
Saturday	3 rd July	Registration & Measurement	10.00 – 16.30
